

Jobber Length Drills

HIGH SPEED STEEL M-2

GENERAL PURPOSE

GROUND FLUTED

The 100SE Series drill is ground from a solid, imported drill, similar to the 200 Series drill. This drill is designed for general purpose drilling under a wide range of drilling conditions. It can drill various materials such as cast iron, steel, and steel forging. The surface treatment prevents chip welding, improves chip flow and increases abrasion resistance.

Packaging: 1/16" thru 19/64" and #1 thru #40, 12 per pack. 5/16" thru 1/2" , 6 per pack.
