

# Annular Cutters

**HIGH SPEED STEEL**

**3" DEPTH OF CUT**

**1-1/4" DIAMETER SHANK**

Broach cutting using DrillCo cutters means you can produce large diameter holes efficiently and quickly with less energy, faster penetration and less thrust. Rather than drilling out the metal with a solid drill, DrillCo cutters removes only the periphery of the hole, ejecting a slug at the end of the cut. Tests show that a solid drill will take 3 minutes, 45 seconds to drill a 1-1/4" hole in 3/4" plate. A DrillCo cutter can do the same job in 35 seconds.

Packaging: All sizes individually packaged.

**Super High Performance**
